ABOUT US:

- The discovery of Oil in Nigeria was received with great enthusiasm because it was then hoped that the exploration of the resources would stimulate both Economic and Social Development in the Region where the Oil was located.
- Over the years, the exploration of Oil has been without the corresponding development of Oil and Gas Producing Areas hence, the now seeming unending Niger Delta Crisis. The dimension of criminality added to the Niger Delta agitations/calls for concerted efforts at tackling the Socio – Economic problems of the Region for the good of the Nation.
- However, with the establishment of the Oil Mineral Producing Areas Development Commission (OMPADEC) which metamorphosed into the Niger Delta Development Commission (NDDC), a new chapter in the development of Oil Producing Areas opened. Unlike the defunct Oil Mineral Producing Areas Development Commission(OMPADEC), NDDC has a wider Coverage and Scope.
- In Edo State, the impact of the use of 13% Oil Derivation Fund due to the State was not really felt in the Oil Producing Communities until the inauguration of Edo State Oil and Gas Producing Areas Development Commission (EDSOGPADEC).
- EDSOGPADEC was established as an Interventionist Agency in the areas of Infrastructural and Human Capital Development in Oil and Gas Producing Areas of Edo State.
- Edo State Oil and Gas Producing Areas Development Commission was inaugurated on the 19th of July, 2007 by His Excellency, the Executive Governor of Edo State, Senator (Prof.) Oserhiemen A. Osunbor to meet the yearnings and aspirations of the long neglected Oil Producing Communities in the State. The inauguration of the Commission was greeted with much expectation because it was seen as an opportunity to bring the long awaited succour to Oil and Gas Producing Communities of the State.

FUNCTIONS OF THE COMMISSION

By virtue of Section 10 of the Law Establishing the Commission, the Commission shall;

(i) Receive into it's account and administer exclusively 40% of the 13% Oil derivation fund accruing to the Edo State Government for:

(a) The development of Oil and Gas Producing Areas in the State and the rehabilitation of existing Infrastructure,

(b) Other Developmental Projects as may be prioritized by the Communities in the Oil and Gas Producing Areas through Needs Assessment and also as the Commission may determine from time to time.

(ii) Liaise with the relevant Federal Government and State Government Authorities on the control and effective methods of tackling the problems of Coastal Erosion, Oil and Gas Pollution, Spillages and other Environmental problems in the State.

(iii) Ensure Fair and Equitable Distribution of Developmental Projects in the Oil and Gas Producing Areas of the State.

(iv) Ensure the judicious utilization of the Fund accruing to the Commission.

(v) Enlighten the Communities in the Oil and Gas Producing Areas of the State on the Functions, Policies and Activities of the Commission.

(vi) Execute such other Works and Projects and perform such other Functions which in the opinion of the Commission are necessary for the Sustainable Development of the Oil and Gas Producing Areas of the State.

(vii) Liaise with the Oil and Gas Prospecting Companies operating in the Oil and Gas Producing Areas of the State to solicit assistance in the areas of Development of the Oil and Gas Producing areas of the State.

(viii) Liaise with Niger Delta Development Commission for the overall development of Oil and Gas Producing Areas of the State.

In order to reach out to the Oil and Gas Producing Communities, the Commission right from inception established channels to relate with and maintain a mutually beneficial relationship with the Oil and Gas Producing Local Government Areas. A comprehensive, on-going Community Relation's Programme was set up to draw Government and its Agencies' attention to the Oil and Gas Producing Communities. The Commission, cognizant of its mandate has taken active interest in the Oil and Gas Producing Communities and this has engendered a sense of Team-Work between the Communities and the Commission, not only in the short term, but also in the long term. Towards this end, the Commission has been Organizing Stakeholders Meetings, Needs Assessment, Tours to the Host and Impact Communities as well as Solidarity/ Courtesy Visits to the various Oil and Gas Producing Communities.

NEEDS ASSESSMENT

After the inauguration of the present Board on the 21st September 2018 by Mr Governor, Godwin Enogheghase Obaseki, the Commission embarked on Needs Assessment Tours. This Exercise was carried out with the view of bringing Development to the Doorsteps of the People. During these Tours, the Commission promised to hold Town Hall Meetings in the Oil and Gas Producing Communities instead of holding it in the City on a quarterly basis.

The Commission has assured the Communities of its preparedness and commitment to leave no stone unturned in the quest to bring Infrastructural and Human Capital Development to them. The Exercise provided the Communities the opportunity to present their Needs in order of priority.

The 3 (three) Oil and Gas Producing Local Government Areas are:

TOWN HALL MEETINGS.

To further improve on the existing Relationship and fulfill the promise made during the Needs Assessment Visits, the first Town Hall Meeting was held in Ajoki, Ikpoba-Okha Local Government Area on Wednesday 27th March, 2019.

At the Town Hall Meetings, the Communities were briefed on the steps the Commission has taken to actualize their Needs as contained in the 5-Year Strategic Plan (2019-2023) which is awaiting Mr. Governor's approval. Meanwhile, Mr. Governor has directed the Commission to build World Health Organization (W.H.O) Standard Primary Health Centres in all the Host and Impact Communities in the State.
